T. R. WANTS AGED MEN FIRST IN WAR

Thinks They Should be Killed First to Save Youths, as National Asset.

FRANKLIN, Pa., March 2.—Colonel Roosevelt believes, with a franklin editor, that old men should be first to answer the call to arms. Recently W. P. F. Ferguson wrote an editorial in the Censor Daily Herald, under the caption, "Let the Old Die First." He sent a copy of the editorial to Colonel Roosevelt and received the following reply:

"My Dear Ferguson: Good for you, I entirely agree with you. The old should go when possible and it is for the old to die, where that can be brought about in war, so as to save the young. Of course, if a man has a wife and children dependent upon him he ought not to go to war until there is such a demand as there was in the civil war, but he should go if his wife and children are not dependent upon him for their bread."

"If we now go to war with Germany, I should a good deal rather be killed myself than have my two eldest boys, who are married and have children, killed. Again, but the choice would be, I would rather excuse them to battle than their two younger and unmarried brothers."

LAMPS FOR HENS SO THEY WORK LONGER

NES PERCE, Idaho, March 2.—Gasoline lamps are used by Mrs. W. H. Baringer to lengthen the working day of her hens. Mrs. Baringer lights the lamp at 6 o'clock in the morning in the winter months and keeps them lighted until 8:30 p. m. In this way she says, she increases the egg output of her flocks.

Mrs. Baringer says a hen can't see to scratch her dinner out of the litter before 8 a. m., nor after 3:30 p. m., which leaves birds only seven and a half hours for work. By adding to the hen's working hours, Mrs. Baringer declares the efficiency of the egg-making machine is increased.

Rochester Arrives.

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

LOOK, MOTHER! IF TONGUE IS COATED CLEAN LITTLE LIVER AND BOWELS.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of California Syrup of Figs, which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

Everybody should avoid teasing the American eagle.

AMSTERDAM, March 3.—In a statement given out in Berlin, Admiral von Capelle, minister of the navy,

TWO GOOD REMEDIES

WORKING TOGETHER, PRODUCE MARVELLOUS RESULTS.

For instance, Hood's Sarsaparilla, the standard blood purifier, is recommended for conditions that are scrofulous or dependent on impure blood. Pepsin Pills, the new iron tonic, are especially recommended for conditions that are radically or characteristically anemic and nervous.

If these patients take both Hood's Sarsaparilla (before meals) and Pepsin Pills (after meals) they are reasonably sure to derive fourfold benefit. These two great medicines supplement each other, and the use of both, even in cases where only one may appear to be indicated, is of great advantage. Get them from your druggist.
